Some got it all! True Man Texel is not only a dream, he is nothing but the true!! The Grand Prix Stallion Governor has already remarkably results. In 2019 he won his first Inter I Freestyle at Jumping Amsterdam with a score over 80% and became Dutch Champion in the Small Tour. His offspring are rare as the Totilas son has been castrated for his top sport career. He has been combined here with Blue Hors Don Schufro, one of the world's best stallions and progenitors, and with a dam line that has produced over 25 Grand Prix, Small Tour and Advanced Medium/4th level horses, like Opartout Texel, Dark Knight Texel (both Grand Prix), El Corona Texel, Fair Trade Texel, Black Painted Texel, Dyorieta Texel and Zenith (all Small Tour). They are bred by one of the best Dutch dressage breeders, Wim van der Linde. If you want a stallion prospect with power, elasticity, balance and uphill tendency in trot and canter and an excellent walk: here he is!
